

# Mrs. Tregloan's Class News

For the week of September 19-23, 2016

## Unit - Me Letters - Capitals

Wow—we've already been in school for 3 weeks! It's been amazing getting to know your children and I'm already seeing them make some wonderful progress in their learning! We started a new unit this week and the kids love it because it's all about them! We spent a lot of time talking about how we are alike and different, and we know that we are very special.

## Reading & Writing

We spent time learning how to write capital letters and the kids did great! We learned about frog jump letters, corner starters, center starters, and the magic C. We also learned our first sight words of the year, **I**, **a**, and **go**. We learned how to clap and count syllables, and we've also been practicing rhyming. Please practice with your child at home. We LOVE our Work Works program that helps us practice beginning reading skills, too!

## Math

We've been practicing our math skills during calendar every day, including counting, patterning, adding, and graphing. We also practice our counting, comparing, adding, and subtracting skills when we do our Math Works program each day. We also spent time talking about shapes, colors, and sizes. We've been reviewing and using all those math terms we learned last week, too. We've also been practicing counting backwards from 10. Please practice this at home, as well, because the more we practice, the better we get!

## Science & Social Studies

We spent a lot of time discussing our country and symbols of the United States, and we discussed the Pledge of Allegiance so we know what it really means. We also talked about what it means to be an American and live in the USA! We love the USA!

We also began learning about our five senses. Ask your child to name them all and ask them to show you the cool trick we learned to remember each one!

# A PEEK AT OUR WEEK

## What We are Learning - I Can...

- Identify colors
- Identify shapes
- Identify and write capital letters
- Tell about our country's symbols
- Identify and describe the five senses
- Compare and order objects by size
- Read new sight words

### **Class Meeting Focus:**

### **Bullies & Friendship**

**Rule at home, school & the community**
